

By Car:

ZELLIG is at the heart of the Custard Factory in Gibb Street, 800 yards from Bullring and a 10 minute walk from New Street and Moor Street railway stations. There are several car parks nearby including a pay and display right next to Zellig which can be accessed from Digbeth High Street only 50 yards before the Gibb Street turning. Alternatively you can park in the Bullring and walk down Digbeth High St (5-10mins walk).

By Train:

New Street Station – take the taxi rank exit – walk across and into the Bullring doors by Boots. Walking through to the middle of the Bullring, walk out the main doors, turn right and head down the steps towards the church.

Walking to the left of the church, you'll see Digbeth High Street in front of you (multiple lane road).

On Digbeth High St, keep on the left hand footpath and keep walking for 5-10mins (crossing five side roads). Just before the next set of lights, you'll see a little cobbled road called Gibb Street on your left. Turn down there and almost instantly you will see a large grey doorway which is the entrance to the Zellig complex.

Moor Street Station – when you come out of the station, turn left and follow the road down and around the Selfridges building (stay on station side of the road rather than crossing over to the Selfridges side).

You'll end up on Digbeth High Street (multiple lane road).

On Digbeth High St, keep on the left hand footpath and keep walking for 5-10mins (crossing five side roads). Just before the next set of lights, you'll see a little cobbled road called Gibb Street on your left. Turn down there and almost instantly you will see a large grey doorway which is the entrance to the Zellig complex.

On Arrival at Zellig:

We will have probably arranged to meet at the Nomad Bar (in front of you as you enter the main doors) but if you're unsure, please call our offices and we'll come down and find you.
